Free Acupuncture & Medical Day

Dr. Winstrom emphasizes prevention through natural products.

- *Less medicine is better medicine.*

(Drugs are used only after all natural and lifestyle approaches have been exhausted.)

- *Our Hormone Replacement Therapy tailor makes Bioidentical compounded regimes based on saliva testing.*
- *Bioslife Slim- Our newest natural & safe tool for managing blood sugar, cholesterol, and weight loss.*
- *Eastern concepts of maintaining energy & all aspects of life in balance are totally synergistic and complimentary to our Western Modalities.*

The Status of Acupuncture in Asia and US

- *Currently Acupuncture and Oriental Medicine provides 50% of the healthcare services in China and South Korea, with Western Medicine providing the rest.*
- *In 1997, the National Institute of Health (NIH) Consensus on Acupuncture stated that it is successfully used for relief pain and various other conditions.*
- *In 2002, the World Health Organization updated over 100 indications of acupuncture based on clinical trials.*
- *In April 2011, Defense Department recommended acupuncture for PTSD, pain, anxiety and insomnia.*
- *Major medical schools and hospitals, such as Harvard Medical School, John Hopkins and MD Anderson, are providing acupuncture and integrative medicine programs and clinic service.*

Many Conditions can be helped by Dr. You and Dr. Ma, such as:
